The Mag Invisible case is an innovative product that perfectly combines functionality, protection, and style. Made of high-quality liquid silicone, it is not only pleasant to the touch but also durable and resistant to scratches.

What sets this case apart is its lining with genuine microfiber on the inside. This delicate, soft fabric provides additional protection for your smartphone, shielding it from scratches and dirt. Additionally, the case is compatible with MagSafe technology, allowing for easy and secure charging of your smartphone.

One of the most intriguing features of the Mag Invisible case is the magnetic ring placed inside, which is not visible on the surface. It enables wireless charging without compromising the aesthetic appeal of the case.

In addition to its functionality, the Mag Invisible case stands out with its trendy design. Available in a wide range of pastel colors that align with the latest fashion trends, it enhances the look of your phone. It's worth noting that it also includes precise cutouts for ports, enabling easy access without the need to remove the cover.
