

SLEEK CABLE

USB-C - LIGHTNING, 27W

INDEX: GSM171008

The Forever USB to Lightning cable combines a modern design with reliable performance.

With a power output of 27W, it delivers energy to your devices at lightning speed, guaranteeing a full battery in a short amount of time.

The cable is crafted from the highest quality materials, and its metal connectors not only look elegant but also ensure reliability and durability. The nylon braiding used is both durable and pleasant to the touch.

Additionally, a special strap allows you to coil the cable and secure it, preventing it from getting tangled, which is particularly practical when traveling.

It is compatible with a wide range of Apple devices, including iPhones, iPads, and iPods.
