

# BLUETOOTH KARAOKE MICROPHONE

## MXBM-600

PINK - OEM0200494  
BLACK - OEM0200495

The Maxlife MXBM-600 Wireless Microphone with Bluetooth Speaker is the perfect solution for all music and singing enthusiasts. It works great for parties and allows you to enjoy unlimited freedom while performing your favorite songs. Thanks to the latest Bluetooth 5.0 technology, this microphone has no limitations imposed by cables or sockets, which means it can be used anywhere.

The microphone is compatible with most Bluetooth-enabled devices. You can pair it with your smartphone, tablet, TV, or computer. It is incredibly portable and compact, making it easy to take with you even while traveling. The microphone and built-in speaker can operate simultaneously, eliminating the need for additional equipment. It features convenient buttons for song switching and volume adjustment, allowing you to easily customize the sound to your preferences. Additionally, the built-in echo effect enables you to create interesting audio effects that can be increased or decreased as desired. Furthermore, the microphone can be paired with another MXBM-600 microphone, allowing for group singing with friends and family.

The microphone's housing is durable, and all ports are easily accessible, making it not only practical but also long-lasting. With its 1200mAh battery capacity, the microphone ensures uninterrupted entertainment for up to 8 hours. It is worth mentioning that the microphone also has an SD card reader, enabling you to connect an SD card and play your favorite music directly from that source. This is an excellent option for those who want access to their favorite playlist.
