

# KIDS SMARTWATCH

## MXSW-200

OEM0300611 - PINK  
OEM0300612 - BLUE

The MXSW-200 Smartwatch - an intelligent watch that tracks daily activities, offers entertainment, and provides numerous useful features. It was designed for active individuals who want to monitor their health, enjoy entertainment, and stay up-to-date with important information.

### Heart and sleep monitoring

The MXSW-200 watch is equipped with an advanced heart rate monitor that allows continuous monitoring of heart activity. This enables users to control their heart rate during workouts and daily activities. Additionally, the sleep monitoring feature helps track sleep quality and duration, which is crucial for overall health and well-being.

### 4 Sports modes

Whether you're a runner, a hiking enthusiast, or prefer cycling, the MXSW-200 offers 4 sports modes to better monitor your physical activities and achieve your training goals.

### Entertainment and additional features

MXSW-200 is not just a health monitoring tool. This watch comes with built-in 3 games to provide entertainment at any moment. Additionally, you can utilize the music control function, allowing you to have control over your favorite music right at your wrist.

It allows you to check the current weather and use the remote shutter function to take photos without holding the camera in your hand. Furthermore, the smartwatch enables you to receive notifications from your smartphone.

Equipped with the ICE Widget (In Case of Emergency), it provides important contact information in case of an accident.

### Personalization

The MXSW-200 watch allows for personalization with its 4 built-in watch faces and the ability to change icons and interfaces. This way, you can customize the watch's appearance to match your taste and mood.

### Waterproof IP68

The smartwatch is certified with IP68 waterproofing, making it resistant to accidental splashes or immersion in water. You can confidently use the watch even in rainy conditions or during pool workouts.

The MXSW-200 Smartwatch is an indispensable companion for an active lifestyle. Heart and sleep monitoring, various sports modes, entertainment, additional features, and personalization options make this smartwatch the perfect choice for anyone who cares about their health and comfort.
