

FAST CHARGER WITH 2xUSB-C PORTS 65W

PD QC TC-06-65CC

INDEX: GSM179959

The GaN PD QC TC-06 wall charger provides simultaneous and efficient charging for two devices. With its power output of 65 W and support for various fast charging protocols: Power Delivery and Quick Charge, it serves as excellent support for modern mobile devices such as smartphones and laptops that require rapid power replenishment. It comes equipped with two ports USB-C.

The utilization of the latest Gallium Nitride (GaN) technology in this charger has allowed for the creation of a high-performance device while maintaining compact dimensions and low weight. This technological innovation has enabled a complete departure from the traditionally used silicon in chargers.

The charger is made of high-quality materials, has excellent safety features and durable construction. It is equipped with a system that intelligently adjusts current parameters to the needs of connected devices. Regardless of the type of device, the system will automatically adjust the optimal current settings, guaranteeing fast and safe charging.

The charger is capable of powering not only new models of phones but also laptops that support fast charging functionality. It offers support for the less common Oppo VOOC/Oppo Dash Charge/OnePlus Warp Charge feature, which sets it apart from other non-original models.

SPECIFICATION

Brand:	Forever
Producer:	TelForceOne
Input voltage:	100 240V ~ 50-60Hz 1,5A
Power:	65.0W
Output sockets:	2x USB-C
Output voltage:	USB-C 1/2: 5V = 3A (15.0W), 9V = 3A (27.0W), 12V = 3A (36.0W), 15V = 3A (45.0W), 20V = 3.25A (65.0W) USB-C 1 + USB-C 2: 65.0W (45.0W + 20.0W)

ATTRIBUTES

- two USB-C ports
- fast charging
- lots of charging standards
- LED
- for phone and laptop charging
