

# GOLD GLAM CASES

Gold Glam case is an aesthetic and durable accessory that impresses with its meticulous craftsmanship and high-quality transparent TPU layers, creating a perfect visual effect. Due to its thickness, the case is slightly rigid, providing excellent protection against scratches for your smartphone.

The entire back of the case is adorned with an original pattern enriched with golden flakes, giving the phone a unique character and elegance. The sides, on the other hand, remain transparent, making the design more versatile.

Gold Glam is designed with full functionality in mind, featuring necessary cutouts, perforations for the speaker and microphone, as well as embossments for the side buttons. The case fits perfectly on the smartphone, ensuring both protection and user comfort. Moreover, it is compatible with car mounts, making it an ideal companion for both daily use and travel.
