

STRING LIGHT GREEN TWIG 600 LED

FLC-01

RTV100460

The 6-meter long Twig Light Chain with an additional 5-meter power cord is a unique and striking holiday decoration that is sure to enrich the atmosphere both at home and in the office.

The light chain consists of 600 light elements, which are evenly distributed over its length of 6 meters. As a result, it provides intense and beautiful light that will create a unique holiday atmosphere.

The light emitted by this chain is yellow in color, which creates a pleasant and cozy atmosphere, ideal for the holiday season. It uses energy-saving LED technology, which means that it consumes only a small amount of electricity - only 3.6 watts of power. The chain has 2 modes of operation, it has the option of fixed or timed operation lighting up automatically according to a schedule.
